For Members of LEA's Elementary Educators Network

Over the past four years, we have held our membership rates steady while growing our services and content. To maintain this high standard of quality, we will be implementing our first rate adjustment in four years on November 1st, 2026, bringing the one-year membership to \$149 (with other tiers adjusted dynamically).

Secure Your Lower Rate Now:

You don't have to wait for your expiration date. You can extend your membership right now to beat the increase and protect your budget.

- By Phone: Contact the LEA office at 708-209-3343 to speak with a representative.
- Online: Click [HERE](#) to extend your membership instantly.

Group Savings Opportunity:

If your school is looking to save, remember that LEA provides a 10% discount when a full faculty renews together. Grab the team renewal form [HERE](#).

We are incredibly grateful for your partnership and look forward to serving you for many more years!

Learn about [The Power of Pairs When Reading Aloud](#). A classic strategy called dyad reading—pairing students with different skill levels to read aloud in unison—helps both partners build confidence and fluency. (Jenn Magner and Pati Montgomery in *Edutopia*)

This week, LEA is highlighting the book:

You Can Sit With Me

Written by Rachel Tawil Kenyon

Illustrated by Tatiana Kamshilina

2025

A little girl takes on a mission to be a friend to someone new, especially when they are worried, wearing different types of clothes, emotional, left out, slow, or confused. This rhyming story shares a wonderful message of helping others through simple acts of Christian friendship.

Math activities are a fun way for the whole class to practice important concepts while sharpening their critical thinking, abstract reasoning, and teamwork skills. [20 Classroom Math Games for Elementary Students](#) is a curated list of the best math activities for elementary-aged learners that cover a huge variety of math topics, like [measurement](#), fact fluency, and basic [geometry](#).
