

October 22, 2026

For Participants in LEA's Secondary Education Network.

To help us continue delivering the best possible resources and experiences, our membership rates will increase to \$149 per year (with other membership tiers adjusted accordingly) on November 1st. Current members can lock in the existing rate of \$144 per year by extending their membership before October 31st. You can lock in current rates by renewing or extending your membership online [HERE](#) or by phone by calling the LEA office at 708-209-3343. Schools can save 10% by renewing their entire faculty at the same time. You can access the required group renewal form [HERE](#).

How can you apply the science of reading in secondary schools? Educators can leverage the evolving science of reading to enhance student literacy by prioritizing knowledge building, ensuring students engage with grade-level texts, and using formative assessments to inform instruction. By integrating interdisciplinary texts and using strategies such as read-alouds, teachers can build students' vocabulary and comprehension. See more at [3 Ways to Harness the Science of Reading in Middle and High School](#). (Beth Pandolpho in *Edutopia*)

Looking for some simple, budget-friendly ideas to pack for lunches? Check out the ideas at [45 Real Teacher Lunches That Will Inspire You to Pack Your Own](#). (*We Are Teachers*)

Looking to build a repertoire of *alternate activities* that are engaging, educationally productive, and even *fun* for the students after your band concerts? See the ideas in [A Dozen Fun, Productive, Refreshing Activities to Help Recharge Your Ensemble](#). (Robin Linaberry in *National Association for Music Education*)
