As Christians, we cannot ignore a deep truth as we navigate AI. We are prone to bumble through all sorts of things. While we are the only ones who— with God's help—can determine how we ought to live and what we ought to do, we struggle like Paul to actually do what we ought to do. This is the great dilemma posed in [How to Wield the Double-Edged Sword of AI](#). While the technology holds great potential for good, it also bears the sins of its creators. Retirement offers opportunities to explore new interests, rediscover favorite hobbies, and build meaningful connections. Research suggests that staying involved in enjoyable activities, learning new skills, and volunteering can support physical, mental, and emotional well-being. Discover practical ways to make the most of this chapter of life in [Participating in Activities You Enjoy as You Age](#) (*National Institute on Aging*)

This week, LEA is highlighting the book:

Found You!

Written by Jane Godwin

Illustrated by Sylvia Jukes Morris

Penguin Random House

2025

Hide and Seek is a fun game...at least most of the time. This story reminds children of the anxious feelings they may experience while playing games, especially in new places.
